

## 2022-2024 UWDATS Measurable Outcomes

While you are asked to choose a primary pillar that your program aligns with, we understand that it may fall under many categories. Below are 27 desired outcomes. You must choose a minimum of 3 to report on. They may fall under any of the pillars. Minimally, one outcome must fall under your chosen pillar. Additionally, if you are awarded funding, you will be asked to provide success stories related to your chosen outcomes on your midyear and final reports.

**Health:** We believe our communities deserve to be healthy, safe, and strong.

Health (8)

1. #/% of participants report “if I had not participated in these programs/services I would have been at risk of hospitalization.”
2. #/% of participants report “if I had not participated in these programs/services I would have been at risk of homelessness.”
3. #/% of participants report “if I had not participated in these programs/services I would have been at risk of involvement with law enforcement.”
4. #/% of participants report “if I had not participated in these programs/services I would have been at risk of not being able to function at work or school.”
5. #/% of participants report “if I had not participated in these programs/services I would have been at risk of isolating myself from family and/or friends.”
6. #/% of participants report “if I had not participated in these programs/services I would have been at risk of self-harm, harming others, or being harmed by others.”
7. #/% of participants who demonstrate appropriate management of their physical and/or brain health issues.
8. #/% of participants who increased knowledge of healthy eating habits and/or increased physical activity.

**Education:** We believe a good education is the foundation for a successful life.

Education (8)

9. #/% of participants who utilizes childcare assistance.
