EVENTS OVERVIEW

We bring the community together to prevent & reduce poverty on a scale no one can accomplish alone.

United Way brings businesses, nonprofits and community partners together to create measurable, lasting change. By focusing on education, financial stability and health, we strengthen the workforce, support families, and build a more resilient local economy.

Our approach addresses challenges at their root by delivering long-term solutions that improve outcomes and reduce future need.

We invite you to partner with us to drive impact and create opportunity across our community.

United is the way.

Why Sponsor ?

Community impact at scale

United Way funds vetted local nonprofits and programs, so sponsorship supports measurable improvements in education, financial stability and health in the communities where your employees live.

*** Local impact, backed by trust**

Sponsoring United Way supports proven, vetted programs that strengthen education, financial stability, and health—so your dollars translate into meaningful outcomes in the communities where you operate.

*** Stronger brand reputation**

Aligning with a widely recognized nonprofit reinforces your company's values, builds public trust, and signals long-term commitment to the community—not just short-term promotion.

*** Employee pride and engagement**

A United Way sponsorship gives employees a cause they can rally around, creating shared purpose that boosts morale, strengthens culture, and supports retention and recruiting.

*** High-visibility, high-quality exposure**

Sponsorship typically includes prominent recognition and access to community leaders and peer businesses, increasing awareness and relationships in a positive, mission-driven setting.

Next Steps

When you are ready to secure your sponsorship, please reach out to :

Katie Wiedemann, Vice President of Development
563-588-1415 ext. 203
